

AP 5 - Covid-19 2021-22 Season

Special rules and guidelines have been established for races this season. They start with U.S. Ski and Snowboard and their guidelines. You can find these on the [Covid-19 Resources Page](#).

For the 2021-22 Season, the following guidelines are in place:

1. Every ROC must name a Covid Coordinator for their event.
2. ROC's must adhere to the local requirements regarding Covid Protocol. These supersede any requirements made by US Ski and Snowboard.
3. Indoor meetings require a proof of vaccination for anyone in attendance. Masks must be worn at indoor meetings.
4. Virtual attendance options must be offered for all indoor meetings where attendance is required (i.e. Team Captains meetings).
5. Awards ceremonies can be held but should be touchless and outdoors whenever possible.
